# All Standard and Premium Bali Huts Include

|  |  |
|--|--|
| Posts                                  | 2.4m, 3m, 3.6m or customised to your requirements  |
| Balinese Thatch                        | White string thatch. Best quality genuine Alang Alang grass, checked and measured to ensure the thickest thatch strips available in Australia  |
| Structural Timber                      | All timber cut to size. F7 structural H3 treated pine frames (rot and termite resistant) with a 25 year guarantee against rot and decay.   |
| Galvanised Hardware                    | Hot dipped galvanised bolts and brackets. We also use treated pine screws that are galvanised for long life, wear and durability   |
| Instruction manual                     | All Bali huts come with a detailed instruction manual (22 pages with phone support)  |
| Phone support                          | You are not alone. We have licensed experienced builders available to assist.  |
| Terracotta ridge capping               | All our Premium huts come with a full set of ornamental sections. Standard hut have a crown for square huts and flat tiles for rectangular   |
| Stained DIY Kit<br>(Premium huts only) | Your Bali hut can be pre-stained in our factory. All sections of the timber frames will be stained. Posts are not stained because is it the last thing that you should stain after you've assembled the hut. We will supply you with extra stain for this purpose. |
| Unstained DIY Kit                      | Timber frames and posts will be unstained and can be stained by you.   |
| Delivery                               | Secure Australia Wide - freight is insured and items damaged in transit will be replaced immediately at no extra cost.   |
